Water Aerobics

Monday through Thursday 7-8pm
 Price \$1 per class

History

David H. McDonald Park, a 17 -acre outdoor recreation facility, originally constructed in 1971, and remodeled May 2001. The project was to design and built with the purpose to provide the City's residents with a quality outdoor recreational facility and aquatic center at an affordable price.

Funding for this project was obtained through three primary funding sources; the City of Hialeah through asvalorem tax dollars, Safe Neighborhood parks Bond Program (SNP), and the Florida Recreation Development Assistance Program (FRDAP).

Another unique feature is the facility is part of two entire city blocks that currently includes a fire station and community police station which includes an e-library.
